

Le mois des bébés plantes

Baby Plants Month

ALOCASIA
ASSORTED

A striking tropical plant with highly decorative appeal. Colours and patterns vary greatly from one variety to another. A long-day plant, it performs at its best during the summer months. It requires warmth and good humidity to thrive and forms an underground corm. Do not worry if a few leaves get yellow—new growth will follow quickly.

Light

Medium

Watering

Keep the growing mix moist.

Watch for

Monitor for two-spotted spider mites.

Tips & tricks

An ideal plant if you can provide supplemental lighting to extend day length beyond 12 hours.
