

Le mois des bébés plantes

Baby Plants Month

DELOSPERMA
PICKLE PLANT

A small succulent with chunky, pickle-like leaves—also a fun favourite among pickleball players. Delosperma requires plenty of direct light to maintain a compact growth habit. Small yellow or white flowers may appear from time to time, usually lasting only a single day.

Light

High

Watering

Allow the growing mix to dry between waterings.

Watch for

Monitor for mealybugs.

Tips & tricks

The plant can be pruned occasionally to keep it compact and well branched.
