

Le mois des bébés plantes

Baby Plants Month

NEPHROLEPIS
TIGER

This is the festive version of the Boston fern. Each frond is unique, with a blend of soft green and bright yellow tones, ranging into chartreuse shades. Like all ferns, it thrives with good ambient humidity and will be happiest in a bathroom or at least away from heat sources.

Light

Low to medium

Watering

Keep the growing mix slightly moist; do not allow it to dry out.

Watch for

Dry or browning fronds are usually caused by low ambient humidity.

Tips & tricks

Place the fern on a tray filled with wet clay pebbles to help maintain humidity.
